Xperience
the Smartest way of Dispensing with
X-SMART™

Fast & Fluid Management is proud to introduce its elegantly designed New Automatic Colorant Dispenser "**X-SMART ™** ". It is best suited for small retail operations with limited floor space.

X-SMART ™ features include Fast & Fluid's well known, robust and reliable piston pump technology with newly designed click-on canister modules, a brush cleaning system and centralized automatic bottom stirring. The **X-SMART's** innovative modular design also minimizes transportation costs making it an ideal choice for high market penetration. Its design simplicity allows for self-assembly within a few minutes and serviceability is greatly enhanced through its click-on/click-off canister and MDU module.

The **X-SMART ™** also features a rotating canister cover which can be used to display company logos or advertisements.

Make **X-SMART ™** your next smart dispenser decision.

Specifications

- Sequential dispense
- 16 canisters max
- 2.25 L canister size
- Fast and Fluid Management unique Piston Pump technology
- Patented airtight valve
- Suitable for solvent, universal and water based colorants *1
- Flow Rate - Up to 0.25L/min *2
- Smallest dispense volume 0.077 ml *2
- Transferrable Calibration Data
- Automatic programmable Simultaneous agitation
- Floor model
- Manual can shelf
- Can sizes 7 - 48 cm high
- W x D x H: 83 x 83 x 120 cm
- Packaging W x D x H: 90 x 90 x 115 cm
- Weight: 66kg (incl. packaging)

Accessories

Can sensor:
Additional security, plug and play

Monitor keyboard bracket:
Neat solution to place monitor, keyboard, mouse, label printer or laptop/netbook.

Wi-Fi module:
Use the X-SMART™ wireless with any local PC

1. The X-SMART is not recommended for or compatible with industrial or aromatic solvents.
2. Smallest dispense amount, repeatability and pump speed are dependent on colorant properties (i.e. viscosity and density).
